Sri K. S. VASAN.—Are the Government aware that the Mining Company are depleting all the ore resources of the top ?

Sri H. SIDDAVEERAPPA.—I have got a report so show that they are working at the surface.

Sri K. S. VASAN.—Are the Government aware that this is being done to forestall the Cabinet's decision to nationalise the mines ?

Sri H. SIDDAVEERAPPA.—Well, it may lead to that inference. I have kept the Government of India informed of it, as to how every day's delay meant so much of injury to us.

Sri K. S. VASAN.—Will the Government make a categorical statement whether the Central Government had at any time during the last one year expressed their willingness to nationalise these Mines ?

Sri H. SIDDAVEERAPPA.—If I could take this House into confidence, they have accepted the principle of nationalisation of the Mines ; the only thing that remains is that compensation and other things will have to be worked out.

Sri K. S. VASAN.—Is it not a fact that this Government stated on an earlier occasion that the State Legislature is quite competent to legislate regarding the nationalisation scheme ?

Sri H. SIDDAVEERAPPA.—Even to-day that is the view. Our legislative competence is never questioned. But the assent of the President is necessary in order that the Bill that we pass becomes effective.

Sri K. S. VASAN.—Would this Government tell the Central Government that any further delay in this matter is dangerous and ruinous and is not in the interest of the industry's future ?

Sri H. SIDDAVEERAPPA.—It is for that reason that our Chief Minister has been invited to come to Delhi and finalise the talks as early as possible.

Sri P. M. SWAMIDURAI.—May I know whether the Government have ascertained the cause of the rock burst ?

Sri H. SIDDAVEERAPPA.—Natural causes that happen because this is the deepest mine in the world.

Sri P. M. SWAMIDURAI.—Is it the opinion given by the Mining Inspector ?

Sri H. SIDDAVEERAPPA.—In this particular case I have a report that the rock burst is due to natural causes.

Sri P. M. SWAMIDURAI.—Will it not be possible for the Mining Authority to work that section again ?

Sri H. SIDDAVEERAPPA.—It is a duty cast on them to do it.

Mr. SPEAKER.—Question hour is over.

Sugarcane Area under Visvesvaraya Canal.

Q.—179. Sri B. P. NAGARAJA MURTHY (Malavalli).—

Will the Government be pleased to state :—

(*a*) whether it has come to their notice that the area of sugarcane planting in V.C. area is expanding corresponding to the increased crushing capacity of the Mandya Sugar Factory;

(*b*) if so, whether the Government was consulted before the crushing capacity was increased;

(*c*) whether it has come to their notice that the speedy extension of sugarcane planting in V.C. area has resulted in the scarcity of water in the tail-ends of V.C. area ?

A.—Sri H. M. CHANNABASAPPA (Minister for Industries).—

(*a*) No such general trend is noticable during the last several years.
